Mr. Alexander:

Enclosed is the copy of the analytical methods received from QuickSilver Analytics, Inc. through Edgewood, for the Analysis of CS/2-Chlorobenzaldehyde in soil and wipe samples. Please be aware that this is a controlled document and the copy we are providing you is an "uncontrolled copy".

Please feel free to call me at (301) 417-9605 ext. 14 if you have any questions or comments about your test results.

Sincerely,

Anne Charlton
